Out of town friends are only a call away...

and the call will cost less than you think!

It's easy—

1. *If you'll talk to anyone who answers,* dial "Operator" or "110" (see pages 2–3) and give her the town and telephone number you want. (Example: "St. Louis, Missouri, WOodward 5-3456.") Your call will go through faster if you call by number.
2. *If you want to reach a particular person* by name or title, tell the operator so. Person-to-person charges begin when the person you want answers and the rates for these calls are somewhat higher.
3. *If you want to call "collect,"* tell the operator so. On these calls the conversation does not begin until the called person accepts the charges.
4. *If you want to connect three or more telephones* in one or more communities, ask the operator for the "Conference Operator." You'll all be able to talk as though in the same room.

It's fast—
Calls go through in seconds: so if you'll stay on the line, you'll be able to start talking promptly.

It's economical—
Day rates are low. Night rates (6 P.M. to 4:30 A.M. daily and all day Sunday) are lower still: in fact, during these times you can call anywhere in the U.S. for $1.90 or less.

Here are some "after 6 P.M." station-to-station rates for the first 3 minutes*

INDIANA STATE LAW CONCERNING USE OF PARTY LINES IN CASES OF EMERGENCY

A Statute enacted by the 1955 Indiana Legislature makes it unlawful to misuse party line telephone service in cases of emergency. An emergency is defined in the law as "a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential." The law, in part, reads as follows:

Section 2. It shall be unlawful for any person using a telephone on a party-line to refuse to yield such party-line, when requested to do so, to any person who wishes to place an emergency call from a telephone on such party-line. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

Section 3. It shall be unlawful for any person to obtain the use of a telephone on a party-line by falsely alleging the existence of an emergency. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

At your service

Your business with the telephone company is handled by a young lady called a Service Representative. She'll be glad to help you with additional service, your listing in the directory, moving your telephone or if you want to discuss your bill. Just dial 6-9981 and ask for your Service Representative.

Or she'd be glad to welcome you in person at the business office. We're open from 8 A.M. to 5 P.M., Monday through Friday.

For your convenience in paying bills when the office is closed, a deposit box is located near the door. You'll find a supply of envelopes there, too. Just put your bill, bill stub and payment into an envelope and drop it into the deposit box.

How to Use a DIAL TELEPHONE

WHEN DIALING

1. Look in the directory for the correct number.

2. Listen for the "dial tone." This steady humming sound tells you that the dial equipment is ready for your call.

3. To dial any figure, place your finger firmly in the opening for the particular figure. Pull the dial around until your finger strikes the metal finger stop. Then release the dial and allow it to return without interference.

4. To dial from one **TU**rner or **YE**llowstone telephone to another, *do not* dial letters of exchange name. Dial only the five figures of the number.

5. When calling to **TU**rner or **YE**llowstone telephones from Out-of-Town, use the entire number including prefix (i.e. Dial **"TU"** or **"YE"** plus the five digits of the telephone number or give the prefix **"TU**rner" or **"YE**llowstone" to the Operator), EXCEPT from Merrillville telephones dial code "4" followed by ONLY the five digits of the telephone number.

TO CALL ONE OF THE OTHER PEOPLE ON YOUR PARTY LINE a code number is needed

If you want to know who else is on your line, dial 114 for "Repair Service."

ON TWO AND FOUR-PARTY LINES

When calling another telephone on their line, two and four-party line customers dial a special code number to ring the desired telephone—*not* the number as listed in the directory for that party.

If you are a *two-party line subscriber*, use the code 1191 to call another party on your line. If your number begins with TUrner 4, or TUrner 7, however, the code is 1-1912.

If you are a *four-party line subscriber*, dial 114 ("Repair Service") and give your telephone number and the name of the party you wish to call. "Repair Service" will then tell you the proper code number to dial. Make a note of that code number for future use.

HOW TO PLACE YOUR CALL

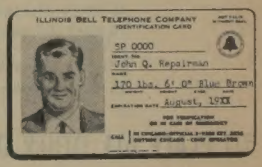
1. Dial the code and hang up your receiver to allow the other party's bell to ring.

Your bell will also ring at intervals indicating that the other telephone is ringing.

2. When the ringing stops, you will know the other party has answered.
3. Remove your receiver. Proceed with conversation.

If your party does not answer within a reasonable period, remove your receiver for a few seconds in order to clear the line. Then replace the receiver.

YOU MAY TELEPHONE TELEGRAMS



Your telephone may be used to send telegrams, radiograms and cablegrams. By arrangement with Western Union, charges for such messages will be added to your regular telephone bill. (From coin phones, the "Operator" will ask that you deposit the required amount of money.)

A NEIGHBORLY PARTY LINE

Just as much as the people next door or across the street, the folks on your party line telephone are neighbors. The best party-line service for *all* depends on courteous, cooperative use of the line by *all*. If your neighbor says the line is needed for an emergency, cut the call short and give the right-of-way. Doing so may help save life or property.

FOR YOUR PROTECTION . . . our employees carry this card

All telephone employees carry an official identification card like this. They all understand you don't care to let unidentified people enter your home. So they'll gladly show you their card before coming in. Just ask to see it if you have the slightest doubt about anyone who calls "from the Telephone Company." Check the picture on this official card to assure yourself the bearer is a bona fide telephone company employee.

RECORDING TELEPHONE CONVERSATIONS

("Beep" Tone)

If you hear a "beep" tone at fifteen-second intervals, you will know your telephone conversation is being recorded. This signal is transmitted automatically when a recording machine is connected to the line. It is for your protection.

If you do not want a record made of what you are saying, ask the person with whom you're talking to disconnect the recording machine. The "beep" signal will stop when the recorder is disconnected.

Use of a recorder without this signal is unlawful.

FREE PERSONAL TELEPHONE DIRECTORIES

It's handy to keep a list of the local and long distance telephone numbers you call regularly. Your Service Representative will be glad to send you a free personal directory for this purpose. Just call her on 6-9981 and ask for one.
